WORKPLACE and MARKETPLACE STRATEGIES

✚ WORKPLACE DIVERSITY AT PHFA

We believe that a workplace that is empowered and engaged creates greater value to our clients and a substantially greater return for the Commonwealth. We empower our work force to apply our principles of diversity, to engage their colleagues and clients around our principles, and to apply them daily as a touchstone of our work in building stronger communities, families, and individuals through our programs and services.

✚ MARKETPLACE DIVERSITY AT PHFA

Just as PHFA helps to create closer families and communities by providing affordable housing to Pennsylvania's diverse communities, we also create opportunities for job development, sustainability, and success for the Commonwealth through MBE/WBE participation in all our initiatives.

Our success requires input from many providers of goods and services offering a range of skills and experience.

We seek participation from registered minority and women businesses in the broad array of programs and services we offer.

We encourage businesses seeking partnerships with an MBE/WBE (minority- or women-owned business) to visit our MBE/WBE Directory.

MBE/WBEs seeking work with PHFA should register today. It's easy, free, and it gets the important information about your company into the hands of the right people!

✚ PHFA PARTNERSHIPS and CONTRACTING OPPORTUNITIES

We encourage all of our business associates to form partnerships across Pennsylvania's diverse communities that will enhance opportunities for greater success for all.

✚ THE PHFA MBE/ WBE DIRECTORY

To encourage greater participation in our business initiatives, PHFA maintains an MBE/WBE **Directory**. The **Directory** identifies certified Pennsylvania minority- and women-owned businesses who desire to work with PHFA.

We use the MBE/WBE **Directory** in a few important ways:

- ✚** We use it as a tool to find expertise for a variety of programs and projects. Companies registered on the PHFA vendor participation database can access the projects in the PHFA pipeline.
- ✚** Companies who want to partner with a minority- or woman - owned business can find one through the **Directory**.

Register today for inclusion in the **Directory** by submitting an on-line application form.

PHFA's WORKSHOPS and TRAINING INITIATIVES

✚ MBE/WBE Training Initiatives

A critical element of PHFA's approach to engaging and empowering broader business involvement and greater access to our programs, services, and contracting opportunities includes sponsoring and holding workshops on a periodic basis in communities across the Commonwealth.

These workshops focus on PHFA programs and services and provide instruction to potential vendors and servicers on the Agency's requirements for doing business. A central feature of the workshops is a primer on minority participation in Agency initiatives.

A listing of workshop themes, dates and locations is provided and updated regularly. Visit this site for updates on workshop topics and for dates and locations.
