

Welcome journalists!

We appreciate your interest in the Pennsylvania Housing Finance Agency. We've created this press kit to put some key background information about the agency, and some visual resources, at your fingertips. If there's something you'd like to see us add to our press kit, please contact our communications director, Scott Elliott, at selliott@phfa.org.

- Background information about PHFA is available in our [2022 annual report](#). Review the content headers on the first page of the report for links to information about Our Programs, Our Performance (a statewide map of housing investments), and Our Financials. Fourteen video testimonials from customers we've helped are also available in this year's annual report.
