### **Management's Discussion and Analysis**

#### **Introduction**

The discussion and analysis provided herein is designed to furnish an objective and easily understandable review of the financial activities of the Pennsylvania Housing Finance Agency ("Agency"). Readers are encouraged to consider the information presented in conjunction with the basic financial statements as a whole, which follow this section.

#### **Understanding the Basic Financial Statements**

The basic financial statements are designed to provide a broad overview of the Agency's finances, and include three required statements: The Balance Sheet, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows.

The Balance Sheet presents financial information respective of all of the Agency's assets, liabilities and deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position reflect revenue and expenses within a given period in order to measure the success of the Agency's operations during that period and to illustrate how the Agency has funded its costs of operations.

The Statement of Cash Flows is presented using the direct method, which reports cash receipts and cash payments in four major classes of activities: Operating, Noncapital Financing, Capital Financing and Investing. Cash receipts and disbursements are presented within this statement in order to illustrate the net increase or decrease in cash and cash equivalents within a given period.

The basic financial statements are accompanied by a set of notes. The notes to the basic financial statements provide additional information necessary to acquire a full understanding of the data presented in the basic financial statements and a means to obtain a more comprehensive assessment of factors affecting the Agency's financial condition.

**Analysis of Overall Financial Position and Results of Operations**

***The balance sheet at March 31, 2024 is compared to the balance sheet at June 30, 2023, the prior audited period.***

***The results of operations for the nine-month period ended March 31, 2024 is compared to the nine-month period ended March 31, 2023.***

- **Assets**

Total assets in the preceding condensed summary balance sheet increased by approximately \$572 million from \$6.583 billion to \$7.155 billion. Mortgage loans receivable increased by \$668 million from \$4.633 billion to \$5.301 billion as a result of the Agency utilizing its mortgage revenue bond program to purchase single family mortgages to further increase its single family program loan portfolio and its balance sheet. Consequently, other assets decreased by \$92 million from \$1.893 billion to \$1.801 billion primarily as a result of the decrease in cash and cash equivalents and investments due to purchases of single family mortgages and the disbursement of federal and state funds which were held by the Agency for various grant programs. Capital assets decreased \$3.3 million from \$57.0 million to \$53.7 million due to annual depreciation offset by normal operational purchases.

## PENNSYLVANIA HOUSING FINANCE AGENCY

Management's Discussion and Analysis (amounts rounded)

---

- **Liabilities**

Total liabilities increased by \$545 million from \$5.792 billion to \$6.337 billion. The net increase was primarily due to an increase in bonds and notes payable of \$623 million, which came as a result of the issuance of single family mortgage revenue bond series 143 and 144 of with total proceeds of \$752 million off-set by scheduled debt service of \$54 million, advance debt service of \$68 million, and the reduction of original issue premium of \$7 million. This issuance furthers the Agency's efforts to increase the size of its single family loan portfolio and its balance sheet by purchasing and holding mortgage loans receivable by utilizing capital provided by the single family mortgage revenue bonds. The remaining net decrease of \$78 million in total liabilities can be explained by a decrease in other liabilities due to the disbursement of federal and state grant funds, a decrease in software-based IT arrangements liabilities, and a decrease in the net pension liability off-set by an increase in accrued interest payable, escrow deposits and development reserves, derivative instrument – interest rate swaps, and the total OPEB liability.

- **Net Position**

For the nine months ended March 31, 2024, the Agency's net position increased \$31 million compared to a increase of \$17 million in net position for the same nine-month period ending one year prior.

Mortgage loan interest income earned increased by \$32 million when compared to the same nine-month period ending one year prior due to the increase in the Agency's single family portfolio of mortgage loans. Other operating revenues increased by \$43 million when compared to the same nine-month period ending one year prior, due to an increase in investment income, program income and fees, and the net increase in fair value of investments, offset by a decrease in the net increase in fair value of swaps, and the gain on early extinguishment of debt. Program income and fees increased by \$21 million due to the increase in grant funds disbursed by the Agency when compared to the same nine-month period ending one year prior. Investment income increased by \$23 million resulting from increased funds held.

Interest and financing expenses increased by \$40 million when compared to the same nine-month period ending one year prior due to the increase in interest rates on newly issued mortgage revenue bonds. Other operating expenses increased by \$20 million primarily due to a an increase program expenses, salaries and related benefits, general and administrative, and provision for loan loss and real estate owned off-set by the reduction of the net decrease in the fair value of investments. Federal program revenue and expenses increased by \$32 million due to increased disbursement of federal funds for grants administered by the Agency.

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **1. Organization**

The Pennsylvania Housing Finance Agency (“Agency”) was created by the General Assembly of the Commonwealth of Pennsylvania (“Commonwealth”) in 1972 to provide affordable housing for older adults, persons and families of modest means and persons with disabilities. Pursuant to the Housing Finance Agency Law, Act of 1959, P. L. 1688, No. 620 (“Act”), as amended, the Agency is authorized and empowered, among other things, to finance the construction and rehabilitation of housing units for persons and families of low and moderate income, persons with special needs or the elderly, including those who receive assistance from federal government programs.

The Act was amended to authorize the Agency to make or purchase mortgage loans used to finance the purchase, construction, improvement or rehabilitation of owner-occupied single-family residences and to finance the construction and rehabilitation of housing units without requiring the housing units to be subsidized or assisted by a federal government program. The initial legislation and subsequent amendments grant the Agency the power to issue debt in order to finance its programs and operations. Debt obligations issued under the provisions of the Act are not a debt or liability of the Commonwealth or any of its political subdivisions or a pledge of the faith and credit of the Commonwealth or of any of its political subdivisions. Additional powers have been provided by the General Assembly over the years to expand the Agency’s authority and to encourage related community activities.

The Board of the Agency sets policy and oversees the organization's operations. The Board has 14 members. The Secretary of Banking and Securities (chair), the Secretary of Community and Economic Development, the Secretary of Human Services and the State Treasurer serve by virtue of their offices. Four members of the Board serve at the pleasure of the majority and minority leaders of the State Senate and House of Representatives. Six private citizen members are appointed by the Governor, confirmed by the State Senate, and serve for staggered six-year terms or until their successors are appointed.

The Agency is a component unit of the Commonwealth, as defined by the Governmental Accounting Standards Board (“GASB”) – the source of generally accepted accounting principles used by State and Local governments in the United States. The Agency’s financial information is discretely presented in the Commonwealth’s financial statements, but the Agency is not considered part of the Commonwealth’s primary government.

### 2. Summary of Significant Accounting Policies

#### **Basis of Accounting**

The Agency presents its financial statements in accordance with U.S. Generally Accepted Accounting Principles (“GAAP”), as established by GASB. For financial reporting purposes, the Agency is considered a special-purpose government engaged in business-type activities. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when incurred. All significant intra-Agency transactions have been eliminated.

#### **Description of Programs**

The Agency accounts for its lending and operating activities in various programs based upon management designations and for ease of accountability, summarized as follows:

**General Activities** – Consists of a group of accounts used to record income and expenses that are not directly pledged to or associated with the programs described below, and includes activity related to various Agency programs and initiatives, including loan servicing and the payment of expenses related to the Agency’s administrative functions.

**Multifamily Housing Program (“Multifamily Program”)** – Records the activity related to financing the construction, rehabilitation or operational expenses of multifamily rental housing developments generally designed for persons or families of low and moderate income or the elderly.

**Single Family Mortgage Loan Program (“Single Family Program”)** – Records the activity related to providing capital for the purchase and servicing of mortgage loans for owner-occupied single-family residences for persons or families of low and moderate income.

**Insurance Program** – The Agency provides primary mortgage insurance coverage through this program to cover the risk of mortgage default for certain single-family borrowers.

**Homeowners’ Emergency Mortgage Assistance Program (“HEMAP”)** – Created by Act 91 of 1982 (as later amended) by the Pennsylvania General Assembly to provide emergency mortgage assistance loans to mortgagors facing foreclosure due to circumstances beyond their control. HEMAP’s primary operating revenues are derived from funding received from the Commonwealth and from program repayments and income from investments, and are reported as a component of Program Income and Fees within the Agency’s financial statements.

---

### **Fair Value Application and Measurement**

Fair value is applied to assets and liabilities that the Agency holds primarily for the purpose of income or profit and that have a present service capacity based solely on their ability to generate cash or to be sold to generate cash. The Agency categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based upon valuation inputs used to measure the fair value of the respective asset or liability. Level 1 inputs include quoted prices in active markets for identical assets; Level 2 inputs include observable inputs other than quoted prices included in Level 1 inputs; Level 3 inputs include unobservable inputs.

### **Cash and Cash Equivalents**

Cash includes currency on hand and currency equivalents that may be accessed immediately or near-immediately. Cash equivalents are defined as short-term investments with original maturities of three months or less that are readily convertible to known amounts of cash. Agency cash and cash equivalents consist of demand deposit checking and savings accounts, cash held in trust and money market funds.

### **Investments**

Investments are reported at fair value, determined by reference to published market prices and quotations. Changes in fair values are recognized separately within the Statement of Revenues, Expenses and Changes in Net Position.

### **Restricted Cash, Cash Equivalents and Investments**

Restricted cash, cash equivalents and investments consist of cash, cash equivalents and investments restricted primarily by escrow agreements, bond resolutions, debt servicing agreements, creditor agreements or other contractual agreements. The Agency collects mortgage payments on behalf of mortgagees for whom the Agency acts as a servicer. The Agency holds monies from multifamily property owners and single-family homeowners for payments of real estate taxes, property insurance and operating reserves, and has recorded a corresponding liability related to these balances. The Agency maintains certain balances of cash, cash equivalents and investments, restricted as to their use, in order to comply with bond debt capital reserve and self-insurance requirements and certain investor or creditor covenants.

### **Mortgage Loans Receivable, Net**

Mortgage loans receivable consist primarily of single family and multifamily loans. The current portion of mortgage loans receivable represents the contractual amount due within the forthcoming year.

Mortgage loans that the Agency has the ability and intent to hold for the foreseeable future are deemed to be held for investment and are valued at amortized cost. Amortized cost includes the balances of principal outstanding, unamortized premiums and discounts and capitalized

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

origination costs and fees. Mortgage loans held-for-investment also have an allowance for loan loss applied as needed.

Mortgage loans that the Agency has the ability and intent to sell within the foreseeable future are deemed to be held for sale and are reported at the lower of cost or fair value, determined on an individual basis by loan type as of the date of the financial statements. Mortgage loans held for sale include loans subject to investor purchase commitments (committed loans) and loans held on a speculative basis (uncommitted loans). Fair value of committed loans is based upon commitment prices; fair value of uncommitted loans is based upon the market in which the mortgage banking activity operates. Amounts, if any, by which cost exceeds fair value are included within an allowance for loan loss.

The allowance for loan loss represents an adjustment applied to the balances of mortgage loans receivable in order to reflect amounts deemed collectible, using management's best estimate of probable losses inherent in the portfolio and evaluation of the underlying loans and their likelihood of becoming real estate owned. The allowance for loan loss is based upon the Agency's best information available under the circumstances, including the estimated market values of the properties representing collateral, mortgage insurance coverage on the collateral, the financial condition of the respective borrower, government guarantees and the economy as a whole.

Mortgage servicing rights/servicing release premiums are amortized over the life of the related loans using the effective interest method, and include servicing rights associated with both mortgages owned by the Agency and mortgages sold by the Agency for which servicing rights were retained. Mortgage servicing rights retained for underlying loans sold by the Agency are reported at the lower of amortized cost or fair value.

### **Troubled Debt Restructuring**

A troubled debt restructuring occurs when a creditor, for economic or legal reasons related to a debtor's financial difficulties, grants a concession to a debtor experiencing financial difficulties that the creditor would not otherwise consider. Regardless of the form of concession granted by the creditor to the debtor in a troubled debt restructuring, the creditor's objective is to assist the debtor in a difficult situation – the creditor expects to receive a return on investment or increase the probability of receipt of payment by granting the concessions than by not granting them. When conducted in a prudent manner, modifications of problem loans can serve the interests of both the creditor and the debtor and can lead to improved loan performance and reduced credit risk. In some instances, loan modifications are mandated by federal insurance programs. The Agency engages in troubled debt restructuring activities by affording modifications to the terms and interest rates of certain mortgage loans.

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **Real Estate Owned**

Real estate owned represents single-family real estate acquired as a result of foreclosure, acceptance of a deed in lieu of foreclosure or other defaults of nonperforming mortgage loans. Balances of real estate owned approximate net realizable value, based upon actual recoveries for similar asset disposals resulting from anticipated mortgage insurance settlement proceeds or estimated sales prices less costs to sell. Net realizable values of real estate owned also include an allowance for losses attributable to potentially foregone interest and corporate and escrow advances.

### **Capital Assets**

Capital assets are valued at historical cost. The Agency capitalizes assets with an initial cost of \$1 (one-thousand dollars) or more. Depreciation is calculated using the straight-line method over the estimated useful lives, which are 5 years for furniture, fixtures and equipment and 45 years for the Agency's building. When capital assets are disposed, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recorded.

### **Other Assets**

Other assets include federal and Pennsylvania grant and program funding receivable and prepaid expenses.

### **Deferred Outflows of Resources**

Deferred outflows of resources include OPEB-related deferred outflows, which result from the Agency's post-employment healthcare benefits plan ("OPEB Plan"); pension-related deferred outflows, which result from the Agency's Employees' Retirement Plan ("Pension Plan") and Governmental Excess Benefit Plan ("Excess Plan") (collectively "Pensions" or "Pension Plans"); and the accumulated decrease in fair value of hedging derivatives. OPEB-related and Pension-related deferred outflows of resources represent differences between expected and actual experience, changes in assumptions and amounts resulting from contributions made during the Agency's fiscal year subsequent to the OPEB Plan's or Pension Plan's measurement dates. Deferred outflows of resources are recognized over a closed period, and are amortized over the remaining average service life of all active and inactive employees who are provided OPEB or Pensions through the aforementioned plans.

### **Bonds and Notes Payable, Net**

The Agency issues bonds and notes to provide capital for its mortgage programs and other uses consistent with its mission. The resultant debt is a general obligation of the Agency, and is secured and payable by the respective mortgage loans, investments, other assets and revenues within the respective programs or accounts established by the associated bond indentures. Bonds and notes payable are stated at their outstanding balances plus any unamortized premiums less any unamortized discounts. The current portion of bonds and notes payable represents the scheduled principal payable within the forthcoming year.

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **Escrow Deposits and Development Reserves**

Escrow deposits represent balances of receipts from Single Family Program homeowners and Multifamily Program developments for anticipated payments of real estate taxes, property insurance and mortgage insurance. Development reserves represent cash held on behalf of owners of multifamily properties for repairs and replacement, property improvements, supportive services and potential operating deficits experienced by Multifamily Program developments.

### **Derivative Instruments – Interest Rate Swaps**

The Agency enters into interest rate swap agreements (“swaps”) with various counterparties to hedge the interest rate exposure associated with variable rate debt and to reduce overall borrowing costs. Swaps are structured whereby the Agency pays a fixed interest rate to a counterparty in exchange for the same counterparty paying to the Agency a variable interest rate, which is established based upon a common market index.

Swaps are reported at fair value and are classified as either hedging derivatives, amended hedging derivatives or investment derivatives. Hedging derivatives include swaps with critical terms that have not changed since their inception. Amended hedging derivatives include swaps with critical terms that have since been amended. The changes in fair values of hedging derivatives and amended hedging derivatives are reported as accumulated decrease in fair values of hedging derivatives on the Balance Sheet, which equal the values of the corresponding swaps. Investment derivatives include swaps that are not considered to be effective hedges; the changes in fair values of investment derivatives are reported as a net increase or decrease in the fair value of swaps and recognized as a revenue or expense.

### **Total OPEB Liability**

The Agency is required to measure and disclose amounts relating to total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense and the fiduciary net position of the Agency’s OPEB Plan. The Agency does not fund its OPEB liability; rather, the Agency provides health insurance for its retirees on a pay-as-you-go basis, therefore, the OPEB Plan has no fiduciary net position.

### **Net Pension Liability**

Net pension liability represents the portion of the present value of projected benefit payments attributed to past periods of service to be provided through the Agency’s Pensions to current active and inactive employees less the fiduciary net position of the Pensions. It represents the Agency’s total pension liability less the fiduciary net position available to pay that liability. Investments included within fiduciary net position are reported at fair value.

## PENNSYLVANIA HOUSING FINANCE AGENCY

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **Other Liabilities**

Other liabilities consist mainly of unearned revenues, unearned federal funding, amounts due to Pennsylvania State Employees Retirement System (“SERS”) and accrued expenses.

### **Deferred Inflows of Resources**

Deferred inflows of resources include net unamortized gains (losses) on bond refundings, which are amortized over the shorter of the remaining life of the old debt or the life of the new debt; OPEB Plan-related and Pension Plan-related deferred Inflows, which represent the difference between projected and actual earnings on investments within the Agency’s Pensions, are recognized over a closed period and are amortized over a 5-year period, the difference between expected and actual experience, and changes in assumptions are recognized over a closed period and are amortized over the remaining average service life of all active and inactive employees who are provided OPEB or Pensions through the aforementioned plans; and the accumulated increase in fair value of hedging derivatives, which represents the anticipated future utilization of the value of interest rate swap agreements deemed to be effective hedging derivatives.

### **Net Position**

Net position is classified in the following three components:

**Net Investment in Capital Assets** – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt attributable to the acquisition, construction or improvement of those assets.

**Restricted** – Consists of assets with constraints placed on their use by laws, regulations, Agency bond resolutions or external groups, such as creditors or grantors.

**Unrestricted** – Consists of assets that do not meet the definition of Net Investment in Capital Assets or Restricted. This component includes assets designated for specific purposes by the actions of the Board.

When both restricted and unrestricted resources are available, it is the Agency’s policy to use restricted resources to the extent allowed and only use unrestricted resources when needed.

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **Classification of Revenues and Expenses**

Operating revenues include all revenue from mortgage and loan activity, mortgage servicing, investment income and gains on the sale of pooled loans via the Government National Mortgage Association (“GNMA”) and the Federal National Mortgage Association (“FNMA”). Operating revenues also include amounts received for the grant programs, which includes administrative fees for the oversight of award distribution, monitoring of subrecipients and reporting to federal and Commonwealth agencies and allocations for the costs of required independent annual audits of federal awards expended. The costs of mortgage loan servicing, investment and grant programs are reported as operating expenses.

Non-operating revenues and expenses include federal program awards and the corresponding direct program costs for which those awards are received and recognized, and consist primarily of pass-through amounts related to the Agency’s role as contract administrator of the U.S. Department of Housing and Urban Development’s (“HUD”) Section 8 subsidy program.

### **Interest Income on Mortgage Loans**

Interest received for mortgage loans is based upon the constant yield method. Interest accrues on performing and nonperforming loans for up to 150 days or until the underlying obligation is satisfied or the associated property is sold, foreclosed-upon or transferred to another entity.

### **Investment Income**

Investment income includes net receipts and payments associated with swaps deemed to be investment derivatives, gains or losses on sales of investments and investment interest income.

The Agency participates in the GNMA and FNMA mortgage backed securities programs, whereby GNMA or FNMA guarantees securities that are issued by the Agency and backed by pools of mortgage loans. Gains on sales of MBSs are recorded at the time of settlement and represent the difference between the sale price of the MBSs and the carrying value of the underlying pool of mortgages backing them. These gains are included in investment income.

### **Pension and Other Postemployment Benefits Expense**

Pension expense and other postemployment benefit expense are reported as salaries and related benefits and represent the estimated cost of the benefits earned by employees during the period, with the addition or subtraction of amounts that are deferred and amortized into expense over time as required by GAAP.

### **Compensated Absences**

Employees earn vacation and illness leave benefits. Upon separation of service, employees are compensated for accumulated leave balances, limited by Agency policy. Compensated absence leave is recorded as an accrued expense in the period earned.

## PENNSYLVANIA HOUSING FINANCE AGENCY

Notes to Financial Statements

March 31, 2024 (in thousands)

---

### **Debt Issuance Costs, Discounts and Other Related Costs**

Costs related to bond and note issuance are expensed when incurred. Bond discounts and premiums are amortized over the lives of the corresponding bonds using the effective interest method. Net swap agreement payments are recorded as a component of interest expense on bonds and notes.

### **Accounting Standards Issued But Not Yet Adopted**

GASB issued the following Statements that will become effective in future reporting periods. Management is currently evaluating the potential impact on the Agency's financial statements.

- GASB Statement No. 100, *Accounting Changes and Error Corrections*, issued June 2022, effective for the Agency's fiscal year ending June 30, 2024.
- GASB Statement No. 101, *Compensated Absences*, issued June 2022, effective for the Agency's fiscal year ending June 30, 2025.
- GASB Statement No. 102, *Certain Risk Disclosures*, issued December 2023, effective for the Agency's fiscal year ending June 30, 2025.

### **3. Cash, Cash Equivalents and Investments**

The Agency maintains a policy whereby cash and cash equivalents must be held in insured depositories satisfactory to the Agency.

Commonwealth of Pennsylvania statutes and contractual provisions contained within the Agency's bond trust indentures govern the investment policies of the Agency. The Housing Finance Agency Law, 1959, Dec. 3, P.L. 1688 as amended Dec. 5, 1972, P.L. 1259, No. 282 and bond indentures provide the authority to invest all Agency funds. In compliance with the Act and bond indentures, it is the policy of the Agency to invest in securities that provide suitable returns, preserve principal, meet liquidity needs and further the mission of the Agency.

Noncurrent portion	<u>\$ 4,395</u>	<u>\$ 328,833</u>	<u>\$ 4,146,973</u>	<u>\$ 20,472</u>	<u>\$ 4,500,673</u>

**Securitizations, Gains on the Sale of Mortgage-Backed Securities and Mortgages Held for Sale**

During the nine months ended March 31, 2024 and 2023, the Agency securitized mortgage loans with a principal balance of \$4,789 and \$7,563, respectively, into MBSs through GNMA or directly to FNMA through their cash window. MBSs are either sold to private investors or purchased by the Agency. Ongoing revenue for the Agency is generated from servicing the loans pooled into MBSs, which is reported as program income and fees, and by gains derived from the sale price less the value of the underlying mortgages of the MBSs at the time of settlement. Total gains on

## **PENNSYLVANIA HOUSING FINANCE AGENCY**

Notes to Financial Statements

March 31, 2024 (in thousands)

---

the sale of MBSs for the nine months ended March 31, 2024 and 2023 equaled \$40 and \$69, respectively. Mortgages held for sale are reported at fair value measured by Level 2 inputs based upon observable quoted prices of similar assets. Mortgages held for sale totaled \$54,791 and \$56,243 at March 31, 2024 and June 30, 2023, respectively.

### **Mortgage Loan Collateral and Insurance Coverage**

General Activity mortgage loans receivable represent amounts disbursed through the Agency's Mixed-Use Facility Financing Initiative ("MUFFI"), Homeownership Choice Program ("HCP") and Revised Community Leveraging Assistance Initiative Mortgage ("ReCLAIM"). The loans are not insured, but they are secured by promissory notes and mortgages on the associated properties.

Multifamily Program mortgage loans receivable are not insured, but are collateralized by mortgages on the related projects. The federal government subsidizes certain projects included in the Multifamily Program mortgage loan portfolio.

Single Family Program mortgage loans are secured by liens on the related real property, and private mortgage insurance is generally required on all mortgage loans where the loan principal amount exceeds 80% of the lesser of the purchase price or the initial appraised value of the property. Private mortgage insurance for Single Family Program mortgage loans is provided by commercial companies, the Agency's Insurance Program, certain federal programs through the Federal Housing Administration ("FHA"), United States Department of Veterans Affairs ("VA") and United States Department of Agriculture – Rural Development ("RD"), FNMA and varying other sources.

### **Mortgage-Backed Security Repurchase Reserve**

Mortgage loans securitized into MBSs through either GNMA or FNMA ("securitized loans") are not included in the Agency's financial statements. If a borrower fails to make a timely payment on a mortgage loan, the Agency must use its own funds to ensure that holders of Agency-issued MBSs receive timely payment. In circumstances of significant borrower delinquency, the Agency will repurchase a securitized loan from its respective MBS. Repurchased mortgage loans are included in the Agency's financial statements; as a result, the risk of loss, net of mortgage insurance, associated with these loans is considered in management's routine evaluation of the allowances for loan losses and the Agency has, therefore, established a repurchase reserve for these securitized loans. Securitized loans repurchased by the Agency totaled \$4,293 and \$5,895 for the nine months ended March 31, 2024 and 2023, respectively, and the Agency's repurchase reserve for securitized loans equaled \$2,886 at March 31, 2024 and June 30, 2023.

#### 5. Real Estate Owned by the Agency

Real estate owned by the Agency included 108 properties with a net realizable value of \$8,694 at March 31, 2024 and 131 properties with a net realizable value of \$11,016 at June 30, 2023.

#### 6. Bonds and Notes Payable

The Agency issues bonds and notes payable to finance its lending programs. Proceeds from long-term debt of the Multifamily Program and Single Family Program are used to fund Multifamily and Single Family mortgage loans. General Activities long-term debt is used to finance the Agency's headquarters in Harrisburg, Pennsylvania.

Interest on bonds and notes payable is payable semi-annually. Interest rates on variable rate debt reset on a quarterly, monthly or weekly basis. Interest paid on indexed floating-rate tax-exempt bonds is closely correlated with the Securities Industry and Financial Markets Association Municipal Swap ("SIFMA") rate. At March 31, 2024, variable interest rates payable ranged from 3.60% to 4.87%. At June 30, 2023, variable interest rates payable ranged from 3.95% to 4.65%.

The aggregate principal amounts of bonds and notes payable outstanding at March 31, 2024 and June 30, 2023, maturity dates and corresponding interest rates at March 31, 2024 are illustrated in the following table.
