# Keynote Presenter

## Eric McAlvey

“Eric was extremely inspiring, and had many lessons he spoke of that really stuck. I was very moved by his story, and the way he made you realize how we can apply his ideas in real life. He made me think!” -Paul-

“He was engaging, humorous, and highly interactive with the audience, and his story was truly inspiring. There were several meaningful life lessons that could be drawn from his experiences, and he encouraged the audience to reflect on how those lessons might apply to our own lives and the challenges we face. This was my favorite presentation of the day.”  
-Savannah-

“Best Keynote we’ve ever had”  
-Alicia-

“I absolutely loved the keynote speaker. Growing up in a military family this really touched home. He kept you entertained but he also kept it on topic. I would love to listen to him speak again.” -Frances-

► Thank you to all the attendees, exhibitors and speakers that made the 2026 MAHC possible! Without each of you, the conference would not be possible.

We look forward to seeing you June 2027 at the Penn Stater Conference Center!
