FHLBank Pittsburgh and PHFA Announce Home4Good Funding Awards

\$4.5 Million Initiative Targets Homelessness in Pennsylvania

HARRISBURG – FHLBank Pittsburgh and the Pennsylvania Housing Finance Agency (PHFA) announced today the 2018 Home4Good funding awarded to programs across the state working to reduce homelessness. This year, FHLBank Pittsburgh provided \$3 million toward the effort, and PHFA provided \$1.5 million, for a total contribution of \$4.5 million.

“FHLBank is privileged to partner with PHFA and our member institutions to provide these much-needed funds to 49 programs working to end homelessness in Pennsylvania,” said Winthrop Watson, FHLBank’s President and Chief Executive Officer.

Home4Good was created by FHLBank Pittsburgh and is being administered by PHFA. The funding announced today is being distributed as grants to organizations that help individuals retain or find housing, provide supportive services to those facing homelessness or address other unmet needs within the existing homeless provider network.

Distribution of the funding in most counties is being overseen by local Continuum of Care organizations. The list of funding recipients is provided below.

“PHFA is pleased to be a part of this effort to reduce homelessness in Pennsylvania,” said PHFA Executive Director and CEO Brian A. Hudson Sr. “There is no single program that alone can end homelessness in the state. That’s why Home4Good is funding a variety of different programs that together should make real progress getting people off the streets and into housing.”

Information about Home4Good is available at www.fhlp-pgh.com, and at www.phfa.org at the bottom of the homepage, under “Resources.” Organizations interested in future participation in the program can contact Kate Swanson at kate.swanson@fhlp-pgh.com or Bryce Maretzki at bmaretzki@phfa.org for details.

About PHFA

The Pennsylvania Housing Finance Agency works to provide affordable homeownership and rental housing options for older adults, low- and moderate-income families, and people with special housing needs. Through its carefully managed mortgage programs and investments in multifamily housing developments, PHFA also promotes economic development across the state. Since its creation by the legislature in 1972, it has generated more than \$14 billion of funding for more than 174,150 single-family home mortgage loans, helped fund the construction of 134,507 rental units, and saved the homes of nearly 49,500 families from foreclosure. PHFA programs and operations are funded primarily by the sale of securities and from fees paid by program users, not by public tax dollars. The agency is governed by a 14-member board.
